

# ImmuCell

---

## Manufacturing Associate

ImmuCell Corporation seeks a highly motivated individual to join our animal health vaccine production team. Required and preferred skills are listed below.

Required professional skills:

- Solid aseptic technique
- Propagation of mammalian/insect cell culture in vitro
- Multitasking
- Adherence to written protocols and SOPs
- Basic computer skills

Preferred professional skills:

- Size exclusion chromatography purification
- Centrifugation
- Cross-flow filtration/concentration

Education Requirements:

Bachelor's Degree in Microbiology, Biology or related field. Previous experience in a cGMP environment is a plus. The candidate will be self-motivated, having the ability to work well within a team environment as well as interface between other departments. This position will report to the Production Manager. ImmuCell Corporation provides a range of benefits from paid vacation and holidays, health and dental insurance and 401K with company match.
