

Job Description

Position Title:

MANUFACTURING ASSOCIATE:

Role/Responsibilities:

ImmuCell seeks a highly motivated individual to join our Finished Goods Assembly Team, filling liquid and powder products in a cGMP manufacturing facility. This position requires the ability to work partially or fully gowned with smock, hairnet, Tyvek suit and face mask using unique fill and packaging equipment. Die cutting, liquid fill and capsule fill experience in a cGMP environment is a plus. The right candidate will display a great attitude and self-motivation, possess the ability to work as part of a strong team unit, be able to adhere to written protocols and possess basic computer skills and experience with Microsoft Office. Some duties will require regular lifting of machinery related equipment. Must have experience with or be willing to learn to drive a forklift.

Benefits:

ImmuCell Corporation provides a range of benefits from paid vacation and holidays, health and dental insurance and 401K with company match.
